

U.S. Commercial Service & BIS Seminar 2012

Complying with U.S. Exports Controls

Please join the U.S. Commercial Service and Bureau of Industry and Security (BIS) at this seminar led by BIS's professional counseling staff and provides an in-depth examination of the Export Administration Regulations (EAR).

BIS Export Regulation Course

This two-day program will cover the information exporters need to know to comply with U.S. export control requirements on commercial goods. We will focus on what items and activities are subject to the EAR; steps to take to determine the export licensing requirements for your item; how to determine your export control classification number (ECCN); when you can export or reexport without applying for a license; export clearance procedures and record keeping requirements; Export Management Compliance Program (EMCP) concepts; and real life examples in applying this information. Presenters will conduct a number of "hands-on" exercises that will prepare you to apply the regulations to your own company's export activities. This program is well suited for those who need a comprehensive understanding of their obligations under the EAR.

The workshop will explain:

- The scope of the Export Administration Regulations.
- How to determine the export licensing requirements for your product.
- When you may export without applying for a license.
- What an Export Management Compliance Program ("EMCP") is, and how it can help meet your regulatory responsibilities.
- What the Enhanced Proliferation Control Initiative is, and how it affects you.

NOTE:

The Western Regional Office of the Department of Commerce, Bureau of Industry and Security is a State Bar of California approved MCLE provider. This course is worth 12 hours of MCLE credit. However 0 hours will apply to legal ethics/law practice management; prevention, detection and treatment of substance abuse and emotional distress; and elimination of bias.

Space is Limited. Register Today.

www.export.gov/irvine
