

Arthur Dale Alvarez Jr.

Arthur Alvarez is the CSO at Plasti-Fab Inc. with responsibilities for international development and brand marketing. For the past 10 years, Arthur has developed the international business for many industries. Arthur's work with International Water Associations has been instrumental in providing areas in Europe, Asia, Africa, Middle East, and South America with appropriate product to help provide and protect the water resources, not limited to desalinization, mining and minerals, oil and gas, municipal, cooling, and industrial projects. Arthur is an active member of several worldwide organizations, such as WEF - Water Environment Federation Committees, CIT Water Cluster, and Power Gen Asia.

Education and Employment - Arthur studied construction management and drafting at College of the Sequoias. After college, he was scouted top of his class for drafting by Mid-State Precast LP. Arthur began working for Mid-State Precast LP in design-build construction as a drafting manager & engineer coach; Arthur was part of overseeing several multi-million dollar projects all over California. These projects were large scale high-rise, stadiums, and parking garages. Arthur was part of design team for the award winning building "The Paramount Building" - located in Downtown San Francisco. At 39 stories and 128 m high it is the tallest concrete structure in addition to being the tallest concrete framed building in seismic zone 4 (a double record). After Mid-state precast he moved into sales for the precast industry. Arthur's became the general manager for a southern CA contractor where he developed key relationships and contracts with public work entities. In 2005, Arthur decided to change his career field and to take a role with GNI Waterman LLC as an international sales manager.

World Network - Arthur has had the opportunity to visit over a dozen countries. During his stay, overseas Arthur has able to develop a large network of business, partnerships, government, and professional contacts.

Life Determination - Arthur's work ethic comes from his grandfathers who were immigrants from Mexico and were agricultural entrepreneurs in the San Joaquin Valley. When not working, Arthur enjoys athletics, outdoor gaming, and traveling with his daughter.
