

MR. MARVIN W. SEPE - CHIEF OPERATING OFFICER, CTC GLOBAL CORPORATION

BIOGRAPHICAL INFORMATION:

Marvin W. Sepe is the Chief Operating Officer of CTC Global Corporation headquartered in Irvine, California, a high technology manufacturing company serving the global electrical infrastructure industry. CTC Global exports energy efficient transmission conductor products to over 25 countries. Marvin has over thirty years' experience in senior executive positions in the aerospace, energy and semiconductor industries, with a successful track record of taking companies from concept to established volume production and profitability. He has extensive international experience in high technology manufacturing, including the development and management of off-shore operations and foreign subsidiaries. Mr. Sepe holds an engineering degree and a Master's in Business Administration. He serves on the District Export Council of Southern California by appointment of the Secretary of Commerce to compliment the U.S. Commercial Service's export promotion efforts. Marvin traveled with former Secretary of Commerce Gary Locke as a member of the first U.S. Trade Mission to China highlighting renewable and efficient energy technologies. He was previously a key contributor to the China Greentech Initiative headquartered in Beijing, China, a commercial collaboration of the world's leading green technology companies, entrepreneurs, investors, NGOs and policy advisors operating in mainland China and Hong Kong advising the Chinese government on green technology policies.
